MEMORANDUM FOR: Mr. Tweedy, D/DCI/IC

SUBJECT: Production of Scientific and Technical Intelligence

1. Reference is the PRG/IC proposed study, subject as above, initiation of which you approved on 5 April subject to the reaction of DD/S&T.

2. Attached is a copy of a memorandum I received today from Don Steininger along with which he forwarded the comments of Dave Brandwein.

3. These memoranda indicate DD/S&T concurrence with the initiation of the project but point out some of the other work already underway which should be taken into account. I propose to assign this project to [ ] on his return from school 15 May. The project may turn out to be quite time-consuming, but I think it is one which would be profitable to pursue.
